

## Technical questionnaire

**meadow fescue, tall fescue**

**CPVO/TQ-039/1**

*Mandatory fields or sections are marked with an asterisk (\*)*

---

**01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:**

*Festuca arundinacea* Schreb.

*Festuca pratensis* Huds.

Other species (please specify)

---

**02 . Application code:**

For office use only

---

**03 . Breeder's reference:**

Breeder's Ref.

**04 . Information on the breeding scheme and propagation of the variety**

**04 . 01 . Breeding scheme \***

*(this question could be confidential)*

seedling	Indicate parent varieties
mutation	Indicate parent variety
discovery	Indicate where, when and how the variety has been developed
other	Please specify

**04 . 02 . Method of propagation of the variety \***

cuttings	
in vitro propagation	
seed	
other	Please specify

**04 . 03 . In the case of seed propagated varieties, method of production:**

self-pollination	
cross pollination	Please provide details
hybrid	Please provide details

**05 . Characteristics of the variety to be indicated \***

(the number in brackets refers to the corresponding characteristic in the CPVO Technical Protocol; please mark the state of expression which best corresponds)

**05 . 01 . Ploidy (1) (G) \***

2 - diploid	Amelka (F.p.), Barvital (F.p.), Zelena Dolina (F.p.)
4 - tetraploid	Raskila (F.p.)
6 - hexaploid	Barolex (F.a.)
8 - octoploid	
10 - decaploid	Kasba (F.a.)
11 - amphiploid	Lunibelle (F.a.)

**05 . 02 . Leaf: intensity of green colour during vegetative growth stage (before vernalization) (for *F. arundinacea* only) (4) (G)**

1 - very light	
2 - very light to light	
3 - light	Barolex (F.a.)
4 - light to medium	
5 - medium	Palladio (F.a.); Amelka (F.p.), Pronela (F.p.), Kolumbus (F.p.), Zelena Dolina (F.p.)
6 - medium to dark	
7 - dark	Elodie (F.a.); Stella (F.p.)
8 - dark to very dark	
9 - very dark	Eyecandi (F.a.)

**05 . 03 . Plant: time of inflorescence emergence (after vernalization) (9) (G) \***

1 - very early	Gardian (F.a.); Amelka (F.p.)
2 - very early to early	
3 - early	Strand (F.a.); Fiola (F.p.), Damara (F.p.)
4 - early to medium	
5 - medium	Nobel (F.a.), Senu (F.a.); Anturka (F.p.), Mtuva (F.p.), Zelena Dolina (F.p.)
6 - medium to late	
7 - late	Elodie (F.a.); Levocská (F.p.), Kolumbus (F.p.)
8 - late to very late	
9 - very late	Keszthelyi 50 (F.a.)

**05 . 04 . Plant: length of longest stem including inflorescence (when fully expanded) (for *F. arundinacea* only) (14) (G) \***

1 - very short

2 - very short to short

3 - short

Cannavaro (F.a.); Zelena Dolina (F.p.)

4 - short to medium

5 - medium

Amalia (F.a.); Amelka (F.p.), Darimo (F.p.)

6 - medium to long

Vaira (F.p.), Senu (F.p.)

7 - long

Nobel (F.a.); Levocská (F.p.)

8 - long to very long

9 - very long

**06 . Similar varieties and differences from these varieties**

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

**06 . 01 . Are there any similar varieties known? \***

Yes

No

**06 . 02 . Similar varieties and differences from these varieties: \***

Denomination(s) of variety(ies) similar to your candidate variety	Characteristic(s) in which your candidate variety differs from the similar variety(ies)	Describe the expression of the characteristic(s) for the similar variety(ies)	Describe the expression of the characteristic(s) for your candidate variety

**07 . Additional information which may help to distinguish the variety \*****07 . 01 . Resistance to pests and diseases \***

Yes, specify

No

**07 . 02 . In addition to the information provided in sections 05 and 06, are there any additional characteristics which may help to distinguish the variety? \***

Yes, specify

No

**07 . 03 . Are there any special conditions for growing the variety or conducting the examination? \***

Yes, specify

No

**07 . 04 . Other information \***

Yes, specify

No

---

**08 . GMD-information**

**08 . 01 . GMD-information required \***

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

Yes

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

No

**08 . 02 . In case of GMD, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.**

---

**09 . Information on plant material to be examined**

The expression of a characteristic or several characteristics of a variety may be affected by factors, such as pests and disease, chemical treatment (e.g. growth retardants or pesticides), effects of tissue culture, different rootstocks, scions taken from different growth phases of a tree, etc. Consequently the plant material to be examined should not have undergone any treatment which would affect the expression of the characteristics of the variety, unless the competent authorities allow or request such treatment. If the plant material has undergone such treatment, full details of the treatment must be given. In this respect, please indicate below, to the best of your knowledge, if the plant material to be examined has been subjected to:

**09 . 01 . Micro-organisms (e.g. virus, bacteria, phytoplasma) \***

Yes, specify

No

**09 . 02 . Chemical treatment (e.g. growth retardant or pesticide) \***

Yes, specify

No

**09 . 03 . Tissue culture \***

Yes, specify

No

**09 . 04 . Other factors \***

Yes, specify

No

**09. 05 . In case the variety is infected with endophytes, please indicate for information purpose the level of infection \***

- Category I : < 10% endophytes
  - Category II : 10 < % < 85 endophytes
  - Category III : > 85% endophytes
  - not tested
- 

**10. Possible place of the technical examination**

In case the CPVO needs to arrange a technical examination for this candidate variety, there might be more than one examination office entrusted by the CPVO suitable to grow your variety. In this case, the Office will decide on the place of the technical examination but you might wish to express here a preference in respect of an examination office. The available entrusted examination offices for that species can be found in the S3 Gazette under: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/entrusted-examination-offices>

You will also find in the S2 Gazette further information about submission of plant material and deadlines for numerous major species: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/submission-of-plant-material-s2-publication>

**10. 01 . Country where the examination could take place**

Country

---

**Attached document(s)**

**The following forms or documents are attached to this application : please tick the relevant boxes**

- Application form, confidential part (original only)
- Technical questionnaire (original only)
- Technical questionnaire, confidential part (original only)
- Form of designation of a procedural representative
- Documentary evidence of entitlement to file an application
- Priority claim (certified copy of the first application)
- Form "Details of payment"
- Photographs (in case of fruit and ornamental varieties)
- Copy of the relevant written release consent (for GMOs)
- Others, please specify

Remark

**DECLARATIONS \***

I/we hereby declare that to the best of my/our knowledge the information given in this form is complete and correct.
