

Technical questionnaire

flax, linseed

CPVO/TQ-057/2

Mandatory fields or sections are marked with an asterisk ()*

01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:

Linum usitatissimum L.

Other species (please specify)

02 . Application code:

For office use only

03 . Breeder's reference:

Breeder's Ref.

04 . Information on the breeding scheme and propagation of the variety *

04 . 01 . Breeding scheme *

04 . 01.01 . Crossing

(this question could be confidential)

controlled cross (indicate parent varieties)

partially known cross (indicate known parent variety(ies))

unknown cross

04 . 01.02 . Mutation

(this question could be confidential)

Please state parent variety

04 . 01.03 . Discovery and development

(this question could be confidential)

Please state where and when discovered and how the variety has been developed

04 . 01.04 . Other information on genetic origin and breeding method*(this question could be confidential)*

Please specify

04 . 02 . Method of propagation of the variety ***04 . 02.01 . Seed propagated varieties**

self-pollination

cross pollination - population

cross pollination - synthetic variety

hybrid

other

Please specify

04 . 02.02 . Other method of propagation *

Yes, specify

No

05 . Characteristics of the variety to be indicated *

(the number in brackets refers to the corresponding characteristic in the CPVO Technical Protocol; please mark the state of expression which best corresponds)

05 . 01 . Corolla: colour (4) (G) *

1 - white Chantal (F), Laser (O)

2 - light pink

3 - medium pink Petra (O)

4 - red violet

5 - violet Violin (F), Hungarian Gold (O)

6 - blue violet Artemida (F), Niagara (O)

7 - medium blue Suzanne (F), Alaska (O)

8 - light blue Melina (F), Barbara (O)

05 . 02 . Boll: ciliation of false septa (17) (G) *

1 - absent Violin (F), Hivernal (O)

9 - present Helja (F), Barbara (O)

05 . 03 . Stem: length from cotyledon scar up to first branch (21) (G) *

1 - very short	Abacus (O)
2 - very short to short	
3 - short	Eole (O)
4 - short to medium	
5 - medium	Mac Gregor (O)
6 - medium to long	
7 - long	Agatha (F)
8 - long to very long	
9 - very long	Drakkar (F)

05 . 04 . Seed: colour (24) (G) *

1 - white	Zhang Bei White Linseed (O)
2 - yellow	Aardvark (O)
3 - brown	Lisette (O), Barbara (O)

06 . Similar varieties and differences from these varieties

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

06 . 01 . Are there any similar varieties known? *

Yes

No

06 . 02 . Similar varieties and differences from these varieties: *

Denomination of similar variety	Characteristic in which the similar variety is different	State of expression of similar variety	State of expression of candidate variety

07 . Additional information which may help to distinguish the variety ***07 . 01 . Resistance to pests and diseases ***

Yes, specify

No

07 . 02 . In addition to the information provided in sections 05 and 06, are there any additional characteristics which may help to distinguish the variety? *

Yes, specify

No

07 . 03 . Are there any special conditions for growing the variety or conducting the examination? *

Yes, specify

No

07 . 04 . Other information *

07 . 04.01 . Main use *

fibre

oil

oil and fibre

Please provide details

07 . 04.02 . Time of sowing *

winter

spring

07 . 04.03 . Other information *

Yes, specify

No

08 . GMD-information *

08 . 01 . GMD-information required *

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

Yes

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

No

08 . 02 . In case of GMD, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

09 . Information on plant material to be examined

The expression of a characteristic or several characteristics of a variety may be affected by factors, such as pests and disease, chemical treatment (e.g. growth retardants or pesticides), effects of tissue culture, different rootstocks, scions taken from different growth phases of a tree, etc. Consequently the plant material to be examined should not have undergone any treatment which would affect the expression of the characteristics of the variety, unless the competent authorities allow or request such treatment. If the plant material has undergone such treatment, full details of the treatment must be given. In this respect, please indicate below, to the best of your knowledge, if the plant material to be examined has been subjected to:

09 . 01 . Micro-organisms (e.g. virus, bacteria, phytoplasma) *

Yes, specify

No

09 . 02 . Chemical treatment (e.g. growth retardant or pesticide) *

Yes, specify

No

09 . 03 . Tissue culture *

Yes, specify

No

09 . 04 . Other factors *

Yes, specify

No

10 . Possible place of the technical examination

In case the CPVO needs to arrange a technical examination for this candidate variety, there might be more than one examination office entrusted by the CPVO suitable to grow your variety. In this case, the Office will decide on the place of the technical examination but you might wish to express here a preference in respect of an examination office. The available entrusted examination offices for that species can be found in the S3 Gazette under: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/entrusted-examination-offices>

You will also find in the S2 Gazette further information about submission of plant material and deadlines for numerous major species: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/submission-of-plant-material-s2-publication>

10 . 01 . Country where the examination could take place

Country

Attached document(s)

The following forms or documents are attached to this application : please tick the relevant boxes

- Application form, confidential part (original only)
- Technical questionnaire (original only)
- Technical questionnaire, confidential part (original only)
- Form of designation of a procedural representative
- Documentary evidence of entitlement to file an application
- Priority claim (certified copy of the first application)
- Form "Details of payment"
- Photographs (in case of fruit and ornamental varieties)
- Copy of the relevant written release consent (for GMOs)
- Others, please specify

Remark

DECLARATIONS *

I/we hereby declare that to the best of my/our knowledge the information given in this form is complete and correct.
