

## Technical questionnaire

**tobacco**

**CPVO/TQ-195**

*Mandatory fields or sections are marked with an asterisk (\*)*

---

**01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:**

*Nicotiana tabacum* L.

Other (please specify)

---

**02 . Application code:**

For office use only

---

**03 . Breeder's reference:**

Breeder's Ref.

---

**04 . Information on the breeding scheme and propagation of the variety \***

**04 . 01 . Type of material \***

inbred line - male fertile line

inbred line - male sterile line

male sterile single hybrid

open-pollinated variety

Other

**04 . 02 . Formula \***

If applicable, for each component in separate sheets, the information according to the following chapter 5 to 7 to be added.

**04 . 02.01 . Single hybrid**

female parent line

male parent line

**04 . 02.02 . In case of use of the male sterility system, indicate the name of the maintainer line of the female parental line:**

*(this question could be confidential)*

Maintainer line of the female parental line

**04 . 03 . Other information on genetic origin and breeding method***(this question could be confidential)*

Please specify

**05 . Characteristics of the variety to be indicated***(the number in brackets refers to the corresponding characteristic in the UPOV Technical Guidelines, please mark the state of expression which best corresponds).***05 . 01 . Plant: height of main stem (including inflorescence) (2) \***

1 - very short

2 - very short to short

3 - short

4 - short to medium

5 - medium

6 - medium to tall

7 - tall

8 - tall to very tall

9 - very tall

**05 . 02 . Plant: number of leaves (4) \***

1 - very few

2 - very few to few

3 - few

4 - few to medium

5 - medium

6 - medium to many

7 - many

8 - many to very many

9 - very many

**05 . 03 . Leaf: shape of blade (14) \***

1 - lanceolate

2 - narrow elliptic

3 - broad elliptic

4 - ovate

5 - obovate

6 - cordate

7 - rounded

**05 . 04 . Leaf: colour of midrib on lower side (22) \***

1 - whitish

2 - whitish green

3 - green

**05 . 05 . Time of flowering (50% of plants with at least one corolla open) (23) \***

1 - very early

2 - very early to early

3 - early

4 - early to medium

5 - medium

6 - medium to late

7 - late

8 - late to very late

9 - very late

**05 . 06 . Flower: colour of corolla (29) \***

1 - white

2 - light pink

3 - medium pink

4 - dark pink

5 - red

**05 . 07 . Flower: development of stamens (30) \***

1 - none or rudimentary

2 - full

**06 . Similar varieties and differences from these varieties**

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

**06 . 01 . Are there any similar varieties known? \***

Yes

No

**06 . 02 . Similar varieties and differences from these varieties: \***

Denomination of similar variety	Characteristic in which the similar variety is different	State of expression of similar variety	State of expression of candidate variety

---

**07 . Additional information which may help to distinguish the variety \***

**07 . 01 . Resistance to pests and diseases \***

Yes, specify

No

**07 . 02 . In addition to the information provided in sections 05 and 06, are there any additional characteristics which may help to distinguish the variety? \***

Yes, specify

No

**07 . 03 . Are there any special conditions for growing the variety or conducting the examination? \***

Yes, specify

No

**07 . 04 . Other information \***

**07 . 04.01 . Classification for tobacco varieties \***

flue cured

light air cured

dark air cured

sun cured

fire cured

other (specify)

**07 . 04.02 . Other information \***

Yes, specify

No

---

**08 . GMO-information \***

**08 . 01 . GMO-information required \***

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

Yes

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

No

**08 . 02 . In case of GMO, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.**

**09 . Information on plant material to be examined**

The expression of a characteristic or several characteristics of a variety may be affected by factors, such as pests and disease, chemical treatment (e.g. growth retardants or pesticides), effects of tissue culture, different rootstocks, scions taken from different growth phases of a tree, etc. Consequently the plant material to be examined should not have undergone any treatment which would affect the expression of the characteristics of the variety, unless the competent authorities allow or request such treatment. If the plant material has undergone such treatment, full details of the treatment must be given. In this respect, please indicate below, to the best of your knowledge, if the plant material to be examined has been subjected to:

**09 . 01 . Micro-organisms (e.g. virus, bacteria, phytoplasma) \***

Yes, specify

No

**09 . 02 . Chemical treatment (e.g. growth retardant or pesticide) \***

Yes, specify

No

**09 . 03 . Tissue culture \***

Yes, specify

No

**09 . 04 . Other factors \***

Yes, specify

No

**10 . Possible place of the technical examination**

In case the CPVO needs to arrange a technical examination for this candidate variety, there might be more than one examination office entrusted by the CPVO suitable to grow your variety. In this case, the Office will decide on the place of the technical examination but you might wish to express here a preference in respect of an examination office. The available entrusted examination offices for that species can be found in the S3 Gazette under:<http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/entrusted-examination-offices>

You will also find in the S2 Gazette further information about submission of plant material and deadlines for numerous major species:<http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/submission-of-plant-material-s2-publication>

**10 . 01 . Country where the examination could take place**

Country

**Attached document(s)**

The following forms or documents are attached to this application : please tick the relevant boxes
